Report of the Superintendent of Schools

To the School Board and Citizens of Franconia:

The enrollment of your schools last year was 163, the average membership 154.3, and the per cent of attendance 95.61%. There were 26 tuition pupils in the high school and 18 in the elementary school. This was an increase in enrollment over the previous year.

This year the enrollment at the present time is 146 with 88 in grades 1 to 8, and 58 in grades 9 to 12. There are 20 tuition pupils in the high school and 16 in the elementary school.

Miss Marie Keefe of Roslindale, Massachusetts took the place of Miss Louise Nute as teacher of English and history. Mr. Chase was called into service three days after school began in September. It was impossible to find someone to succeed him at that time of year who was able to teach science and mathematics and coach athletics. Headmaster Rhoades offered to take over the mathematics classes, and Mr. Ventura was hired to teach physics and junior high school subjects. After a few weeks' trial he was found to be poorly prepared for the subjects to be taught, and Mr. Harold Shipp was elected to take his place. Mr. Shipp is a graduate of Boston University with a major in social science. He is teaching junior high school subjects with the exception of freshman history. Mr. Merton Shores was engaged to coach the boys' basketball.

The revised Elson-Gray reading system has been extended through the second grade this year. New language books have been purchased for grades 5 and 6, and new arithmetic books for grade 8.

During the summer the Academy Trustees had the walls and ceiling in room six painted, also the ceiling in Mrs. Amadon's room. They finished up a new locker room for girls and installed two new toilets in the gymnasium building. They plan to finish up the boys' locker room in the near future.

Under the direction of Miss Callahan and Mrs. Amadon money was raised which was used to purchase radios, library books and some new furniture for pupils in grades 5 and 6, and 3 and 4.

This year the Greenleaf Civics Club is again helping to provide milk for underweight children in addition to providing hot soup or cocoa for noon lunch during January.

The School Board is recommending that the District raise and appropriate the sum of \$13,575 for the next school year. This is an increase over last year's appropriation. It has been made necessary because there will probably be no balance at the close of the present year, whereas last year we had an estimated balance of \$1,850. Reduction in tuition receipts and a large increase in the cost of fuel have also helped in the increase.

I wish to thank the members of the School Board and the teachers for their cooperation.

Respectfully submitted,
F. LESTER TRAFTON,
Superintendent of Schools.
